2003 PA FBLA NLC AWARD WINNERS

It was another fantastic year for PA FBLA members at this year's National Leadership Conference in Dallas, Texas. With a total of 34 award winners (35 if you include the open events), Pennsylvania set another state record for success at the 2003 NLC.

In addition, Josh Coleman, our state first vice president, was elected National Eastern Region Vice President in a tough campaign battle with three other worthy opponents from New York, New Jersey, and Maryland. The election took several ballots until Josh finally prevailed with a majority.

Great job, everyone!
